ZO Universal Storage

GSA Contract # GS-29F-0109G
NAVY BPA # N00189-11-A-0030

ZO is a comprehensive line of agile storage that efficiently organizes people, spaces, and tasks. Combined with Watson Dispatch's Synergy™ 1, 2, and 3 consoles, ZO components provide space-saving file, wardrobe, and book solutions to complete your office system. Available in a variety of sizes, ZO components may be selected for height compatibility with consoles or desks, or be selected in taller-than or shorter-than heights to vary the landscape.

Mobile Peds, available 20", 22" and 28" high, continue to be the workhorse of the 24/7 shared-task environment, providing ready and moveable access to tools and reference documents. For space division, consider the ZO Team Denza™. The economic design of the ZO Team Denza allows adjacent workstations to share front/back open or closed storage. Also available in the ZO family are credenzas, wardrobes, lateral files and overhead storage. All ZO storage may be specified to match your new or existing Watson Dispatch color scheme.
